Shah Pasand Pistachio: Shah Pasand pistachio is one of Tordmaze's prominent products, known for its large size and full kernel, attracting many enthusiasts. This pistachio is available in large and elongated sizes, presented in its red and opened form. It primarily comes from the Damghan region, and due to its high quality, it is usually marketed with its skin upon ripeness. This pistachio dries less, which helps preserve its aroma and flavor exceptionally well.

Tordmaze

Akbari Pistachios: Akbari pistachios are one of Tordmaze's export-quality large pistachios, available in sizes 21, 23, and 25. The kernels are green, and the fresh shell is dark yellow and light pink. Akbari pistachios are available from early August and are highly popular among both domestic and international customers due to their high quality and excellent taste.

Ahmad Aghaei Pistachios: Ahmad Aghaei pistachios come in sizes 21, 23, 25, and 27 and are another type of Tordmaze's export pistachios. They feature dark red kernels and fresh shells in dark red, dark yellow, and yellow with black specks, making them visually appealing. Due to their excellent quality and delightful taste, Ahmad Aghaei pistachios are highly regarded in global markets

Khanjari Pistachios: Khanjari pistachios are available in sizes 25, 27, and 29 in large, medium, and small categories. Due to their sharp tips and slow opening, they are less likely to split and are primarily sold as kernels. Their tough shells and high quality make them popular in export markets.

Tordmaze

Kalleh Ghouchi (Jumbo) and Fandoghi (Round) Pistachios: Kalleh Ghouchi and Fandoghi pistachios are round and plump, making them ideal for mixed nuts and adding a diverse appearance to nut blends.

In addition to pistachios, Tordmaze also produces and supplies a variety of almonds, hazelnuts, and other dried fruits. Some of their other products include

Mamra Almonds: Known for their sweet taste and appropriate kernel size, Mamra almonds are in high demand globally and are used in various sweets and desserts

Stone Almonds: Stone almonds have a hard, durable shell and offer a longer shelf life. Due to their exceptional taste and high nutritional value, they are a popular market product

Paper-Skin Almonds: This type of almond features a thin, easily removable skin and offers a delicious and distinct flavor, making it a top choice among nuts
